ALLENPORT GIRL KILLED ON WAY HOME FROM PICNIC

COMPANION WAS BADLY INJURED ABOUT THE BODY

Young People With Another Couple Preferred to Walk Home, But Failed to Note the Track Used by the Train

GIRL'S NECK IS BROKEN

The little town of Allenport is gloom laden today over the tragedical death at Vesta station of one of the best known young women of the town last night. This was Alice Katherine Bruce, 21 years old, the daughter of Mr. and Mrs. Henry Bruce, she being killed by the passenger train due in Charleroi at 8:19 o'clock, north bound.

Miss Bruce with Robert M. Linn, of North Charleroi, and another couple Walter Ridgeway and Miss Anna Carson of Allenport were returning home from the picnic of the Allenport M. E. Sunday school at Cowell's orchard, near Dunlevy, having decided to walk home rather than wait on a car. They were on the south bound track supposing as usual the train would come down on the north bound track.

Ridgeway and Miss Carson were ahead and both couples were engrossed in conversation, discussing the day's sport. The train it was later learned on account of a wreck at Speers, of which the young people had not heard had switched to the south bound track so it could pass. Upon its approach Ridgeway and Miss Carson noticed it was on the south bound track and stepped aside, not looking back to see if the other couple were doing the same. Apparently they did not notice its approach until it was too late.

Young Linn was walking along the edge of the track, while Miss Bruce was in the center. The engine struck the girl fairly and threw her a considerable distance. Linn was struck a slanting blow and thrown aside, considerably injured about the body.

The train was stopped, and Coroner J. J. Heffran, who happened to be on it, took charge of the girl's body. Apparently she had died instantly from a broken neck. She was brought on to Charleroi and taken to the Undertaking rooms of Reeves and Reeves, where the body was prepared for burial.

The girl is survived by her parents, eight brothers and sisters. She was immensely popular. The Bruce family has resided at Allenport for 15 years. Robert Linn is the son, of A. T. Linn, the florist of North Charleroi. Miss Carson and Walter Ridgeway both being to well known families. Linn is this morning able to be about but is suffering considerably from his bruises.

The funeral announcements of the Bruce girl will be made later, the body having been taken home today. Coroner Heffran will hold an inquest later the jury to be selected from Allenport business men.

Donata Giodanenger, aged 2 years, son of Stephen Giodanenger died at 4 o'clock this morning. The funeral arrangements have not been made.

NOW IF YOU GET BUMPED BY AN AUTO YOU HAVE SOME CHANCE OF REVENGE ON DRIVER

Any person who gets bumped by an auto, or escapes being run down by the skin of his teeth, can identify the machine at least, even though the driver speeds away when he should give an account of himself. This is provided the injured or scared one had the forethought to observe the license number of the machine which must be conspicuously displayed. By taking the license number to Burgess Risbeck's office the owner of the machine can be identified.

Recently Burgess Risbeck received from the State Highways Department a complete list of all the automobile licenses taken out at Harrisburg. The list was complete from January 1 to July 1, and supplements are issued at intervals as more licenses are granted. The list contains over 25000, licenses, some of whom are issued to auto owners outside of the State.

WOULDN'T BELIEVE HIM WHEN HE SAID HE HAD ENOUGH

Joe Ward, the Charleroi dog catcher and Frank Roy, were each last night fined $2.85 for fighting by Burgess Risbeck and thereby hangs a tale.

According to witnesses the two the other evening worked themselves up into a quarrel both being slightly intoxicated and went out of the borough limits to fight it out. Naturally some of the friends of each went along. They selected a spot, and the two went at it. The first thing Roy did, it is stated, was to knock Ward down. Ward got up, went at the other, and was knocked down again. Roy sat down on him this time, and asked him if he had enough. Ward weakly replied "yes." Roy got up and was again pushed by Ward. He knocked his opponent down the third time, making a settee of him. He pummelled away, Ward's anatomy assuming a sorry appearance. Ward kept screaming, "enough," it is stated, and the witnesses finally felt a desire to interfere. Stopping Roy from his labors for a moment they asked him, so it is said, why he didn't let up. He wiped the streaming perspiration from his face, took enough time to anwser, "He's such a gosh hanged liar, I can't noways believe him," then went to work again. He was finally pulled off. The arrests were made later.

CONTRACTOR READY TO BEGIN PAVING

It is expected that work will be started in a few days by Contractor Hallam on the grading work on Lincoln avenue, North Charleroi. He has shipped his material there and will doubtless begin not later than the middle of next week. He will finsh the paving as soon as possible after the grading is done.

George W. Lumsden has returned from a trip to the West. While there he visited Seattle, Wash., Portland, Ore., Los Angele,s and San Diego, Cal., as well as other cities of importance. It is likely that the Lumsden family will move to the far east in the near future.

DONORA WANTS FREE DELIVERY

The dawn of free delivery is now in sight in Donora. The action of council is having the houses numbered and compelling of property owners to lay sidewalks are but rounds in the ladder which will ultimately lead to free delivery in Donora. In addition to this the citizens must make a popular demand for free delivery and co-operate in every way with the officials.

REACHES FOR PIECE OF JUNK AND IS KILLED

Fayette City Lad Run Over by Cars Near His Home

PLAYING WITH COMPANION

Ralph Cinic, the seven-year-old son of Mr. and Mrs. Steve Cinic of Fayette City was killed by being run over by a train at Fayette City last evening. The body was taken to the Undertaking rooms of Correll and Crowley, Deputy Coroner Correll assuming charge. An inquest will likely be held later.

The boy was playing around a number of cars on a siding at Fayette City with several other lads. They had been in the habit of gathering junk and selling it to a Fayette City junk dealer, and when the Cinic lad saw a nice looking piece under one of the cars he was unable to resist the temptation to get it. Accordingly he clambered down from the top of the car where he had been and crawled in under. Just at this time an engine backed into the string of cars and the boy was unable to get out. He was caught and the wheels passed over his body, horribly mangling him. The parents were notified of the accident. They are foreigners and live at No. 7 Marine row, near Fayette City.

FIRE IN BAD PLACE QUICKLY EXTINGUISHED

A fre at the office of Dr. G. G. Crow, on McKean avenue had it not been extinguished at the time it was might have resulted in almost an entire block being devastated at 9:45 o'clock this morning. The smoke was fortunately discovered coming from the windows soon after it had started and by quick work the spread of flames was prevented. As it was there was scarcely any damage.

It is supposed that the fire originated from a match in the hands of the four year old son of Dr. and Mrs. F. L. Crow who live above the office. He had gone down stairs, but suddenly returned not saying anything however to his mother. Dr. G. G. Crow who has the office was working in an adjoining room from where the boy had been and noticed a crackling but did not associate it with any fire. The smoke was discovered by a man near the P. R. R. depot and the alarm turned in.

Before the fire department could arrive upon he scene, Earl Taylor, a clerk employed in J. W. McKean's Jewelry store on the first floor securing a Babcock Extinguisher went to the room, and had the flames out in a few moments. It was then learned that they had originated in a waste basket. A table was slightly damaged, and a few of the instruments of Dr. Crow were damaged but this was the extent.

The building being a frame one, and in the most populous part of the business section of the town, considerable danger was attached to the apparently insignificent fire.

Editor Niver on Vacation.

This morning Editor E. C. Niver of the Mail and Mrs. Niver left for a two weeks stay in Jefferson county in the vicinity of Mr. Niver's old home, near Brockwayville. Their son, George, is there now. It has been nearly ten yeas since Mr. Niver has had a "decent vacation," the last time he had a week off being in 1901, while exchange editor of the Pttsburg Dipsatch. When he came to the Mail he vowed by all that he held dear to have a vacation before ten long years would roll around a gain—hence this trip. While absent Mr. Niver expects to do some hunting, and doubtless will have some wonderful tales to tell upon his return.

DESMONIA HELD CHARGED WITH THE MURDER OF TWO

REUNIONS AT ELDORA PARK IN SEPTEMBER

The annual reunion of the Scott-Carson families will be held at Eldora Park on Saturday, September 11. A large number it is thought will be in attendance.

The Sphar family will hold their reunion at Eldora Park on Saturday September 4. These families are among the oldest in the section and there are a large number of descendents from each.

TANK STARTS AFTER FOUR WEEKS CLOSE

After being closed down for four weeks for repairs one of the tanks of the Macbeth Evans plant will be put into operation next Wednesday. Three hundred men will be put to work. The plant was not in its entirety closed down at any time during summer, and this tank was out of operation longer than any other department. The Macbeth Evans plant employes more men, perhaps than any other Charleroi plant, and has as large or a larger pay roll.

The Imperial Bottle plant which has been closed down for about six weeks is making preparations to start near the first of next month. The Imperial plant employes about 800 men steadily during the year, except for the union shutdown of nine weeks during the summer. The factory when it was brought here was by agreements between Charleroi citizens and the management to have a pay roll of at least $100,000 during the entir year. It is said to have surpassed this by far already, despite the fact of the summer shutdown.

In Honor of Little Girl.

Mrs. J. H. Palmer, of Charleroi, and Miss Elizabeth Shock of Pittsburg entertained a number of little friends, in honor of the former's daughter, Virginia at Pittsburg Tuesday. The affair was in honor of the little girl's sixth birthday. It was held at the home of Mrs. Palmer's mother, with whom Mrs. Palmer and daughter are visiting. Games and amusements were indulged in during the afternoon and refreshments were served. Miss Virignia was the recipient of a number of dainty presents, the gifts from her little friends.

Farewell Sermon Sunday.

On next Sabbath Rev. J. A. Cherney will preach his farewell sermon of the Baptist church of Monesse. Rev. Cherney and wife expect to leave soon for China to take up missionary work.

Mr. and Mrs. Andrew Hosnick, Mrs. Frank Eberwein and H. B. Staver, drove over to West Newton yesterday to visit friends, Mrs. Hosnick handling the reins.

Mrs. J. G. Whitlatch has returned to her home in Verona after visiting Mrs. J. M. Whitlatch of Washington avenue.

Alleged Murderer was Taken to County Jail Today

WEAPON DISCOVERED

Constable Ansil Locates Gun With Which the Shooting Was Done.

According to the finding of the coroner's jury yesterday afternoon at hearing at California Pasquella Desmoniam must answer to the charge of double murder as the result of a drunken fight at Red Camp on the hill back of Daisytown Tuesday night in which Charles Conda was shot to death and Sylvester Bolla wounded so badly that he died Wednesday at the Monongahela hospital.

Desmonia who was desperately wounded, is still in bad shape, but it is believed he will now recover. When arrested by Constable Ansill, Desmonia's death was also expected, so badly had he been slashed in the fihgt preceeding the shooting. Six men who were present at the time of the murder were held as witnesses and with Desmonia were taken to jail at Washington today.

One of the witnesses states that Desmonia at one time declared he has not intended to kill Conda but had shot at Sandy Conda, a brother of the dead man, who had cut him.

After a thorough search Constable Ansil found the gun with which the shooting was done at the house Alesia Patha.

Desmonia himself denied the shooting. He states that when he came back to the drinking room he was confronted him with a shot gun and two revolvers and that they, not he, did the shooting.

Speers Picnic a Success.

The Speers M. E. Sunday school picnic held yesterday in Cowell's orchard at Dunlevy was in every way a great success. In the first place the ground is an ideal picnic ground no nicer place is to be found anywhere.

The picnicers had access to two beautiful orchards with a level field of three acres between them for sports and games which were indulged in by all. The hospitality of Mr. Cowell and family was never surpassed by any family. The school was met at the termination of the car ride by Mr. Cowell who hauled the baskets to the grove where everything was thrown open to them for the day. A number of swings, seats, chair rockers and everything that could be asked for were ready in waiting for the Sunday school. Mr. Cowell himself engaged in all the sports, while not in any way connected with the Speers Sunday school and helped the merry makers to enjoy the day. The crowd left at 7 o'clock feeling that they had never spent a more pleasant time and feeling overjoyed by the courtesy shown them.

Landscape Carving.

Washington is going to get rid of many obnoxious weeds crowding for a life in the borough limits. "Rabbit" Williams, a well known police character has been donated to do the landscape carving.

Mrs. Dawson's Millinery store will be at her old stand at 602 Fallowfield on Augus 16. The quarters are all remodeled and in better shape than before the fire. 3102

The Controllership.

The contest for County Controller has assumed such an aspect that it seems a wise move on the part of those who are deeply interested in the welfare of the Republican party, that a compromise candidate should be selected.

There is no question in the mind of good Republican that either John offitt or John C. Morgan, the andidates who have been so ac- in the canvass for the appointment, would make an excellent official. They are both capable men, and their friends have been justified in pushing their interests. This much we all concede. Their loyalty to the party has never been called in question, and they are deserving of any honor that may be bestowed upon them.

Yet the conditions surrounding this contest are so peculiar and so different from an ordinary political fight, that it seems only just and fair to the two candidates and to the best interests of the Republican party in Washington county, that an independent candidate, one who has not been mixed in any political fight or associated with any faction, be selected. WHEN THERE IS AN HONEST DIFFERENCE OF OPINION AMONG THOSE WHO REPRESENT THE MAJORITY PARTY AND WITH WHOM THE RESPONSIBILITY RESTS, THE ONLY WAY TO RECONCILE SUCH DIFFERENCE IS BY COMPROMISE.

Such a man must be one of known executive and business ability. He should be able and fearless, for the position which he assumes is one created to protect the interests of the whole people and his mind must be free from predjudice and his central thought and every act, should be in the interests of the taxpayers.

The Republican party has many ch men, and in securing him it will carrying out the wishes of the ople and perhaps prevent factional rife, which may injure the party if allowed to continue.

Electric Sparks

Uniontown is having a cat show. Or (excuse us), we mean they are having the annual convention of the Society Kitten Association.

A real labor shortage is said to exist in the Connellsville vicinity. Now let those fellows with pessimistic inclinations start growling about the poor conditions, and we will perforce dump them into the lake.

The Socialists expect to elect a President next time. Anyhow they are working like beavers now, if that means anything. But—

This is about the time that we begint to hear reports of baseball players of the minor leagues being sold to the major league clubs. Next spring we will hear reports of the weeding out of the players, and will see our old friends returning to our own gardens, wiser, but sadder.

The pop men are now in session at Uniontown. Bet that is a sure 'nough gassy bunch.

To put the average "regular" at the police station to work is to enforce one of the worst possible penalties. Which fact accounts for the absence from the place of labor of the said "regulars."

A man that has not enjoyed a vacation for about ten years is likely to feel quite kittish when he does get out for a day or so.

Bad water in the Monongahela is conveniently blamed on the Cheat river, but bad water through the Charleroi water mains is easier blamed on the Charleroi Water company, with a fairer degree of getting it right.

Now if a fellow gets run over by an automobile, and happens to see the license number, he can have revenge. He can have the driver arrested.

Harry K. Thaw kills White; barely escapes electrocution by proving he is insane, when as a matter of course scarcely anyone believes it, then tries after a short period to prove he is sane as any body. Consistency? We rather believe that after a man proves he is crazy, he should be made to stick to his opinion.

SATURDAY AND MONDAY

This is the greatest of all Remnant Sales. Early Thursday morning the crowd started to come and the business we have done has by far exceeded anything this store has had in the past. To accommodate this great business and to let everybody get their share of the big bargains we will continue the sale Saturday and Monday. Don't miss it. Even if you came the first day--Come again for there will be lots of new bargains and big bargains for every one.

Do you know what Woodbury's Combination Hair and Scalp Treatment really is? Do you know why it saves the hair when all other preparations fail?

Woodbury's combination Hair and Scalp Treatment is the result of actual experience—not mere theory. The experience of the Woodbury specialists has PROVED that the right combination must have—a germicide and curative—a cleanser and stimulant—a prophylactic and beautifier.

The famous Woodbury combination supplies all three.

WOODBURY'S Combination **SCALP CREAM** The Germicide and Curative
It destroys germ life. It restores perfect health to the hair glands and purifies the hair follicle. It cures scaly tetter, eczema, salt rheum and all those deseases which cause dry or greasy dandruff and itching of the scalp.

WOODBURY'S Combination **SCALP CLEANER** The Cleanser and Stimulant
It dissolves and removes greasy dandruff and all traces of other diseases from the scalp. It invigorates the scalp and keeps the hair clean and healthy. It revives the circulation throughout the scalp and makes it tingle with new life.

WOODBURY'S Combination **HAIR TONIC** The Prophylactic and Beautifier
It protects the hair against germ infection. It feeds the hair roots. It restores the lustre to the hair from roots to ends and preserves its natural color. It prevents dandruff and makes the hair fluffy and beautiful.

What Mrs. John F. Howson, 400 Quincy St., Brooklyn, N. Y. says about The Woodbury Treatment for the Hair and Scalp.

I have used about all the remedies for failing hair that one might have recommended to them during their natural life. I spent a lot of money for hair invigorators and restoratives, and got absolutely no favorable results until I started the treatment you so kindly recommended to me. My hair stopped falling out just as soon as I used the Woodbury's Scalp Cream in conjunction with the Scalp Cleaner. Its action was just like magic. The thick greasy dandruff is all gone. My hair is growing nicely and taking on a new growth. Your Hair Tonic I use night and morning, and it is the nicest hair dressing I have ever used. Thanking you for the letters of advice, I remain,

Sincerely yours,
Mrs. JOHN F. HOWSON

The Volume of Our Business

Has multiplied five and half times in 6 years. Our receipts for July 1903 were $990.37. Our receipts last month were $5,265.00 or five and half times larger. During the same period our membership has increased from 26 to 468 members. Our capital has grown from a few hundred dollars to over $700.000. We have saved thousands of dollars to the citizens of Charleroi on the price of their goods. Our association has stood as a barrier between the people and high prices. We paid in dividend to our members during the last 5 years $11,484.85. Can any private business show such result. Co-operation alone has in its power to accomplish such wonder. If you are not a co-operator become one and save for yourself the profits you are now creating for others.

The Co-Operative Store

Up to Snuff.

A man in workman's garb one day called at a local dentist's, and the door was opened by a maid.

Workman—Is the gent in that draws teeth?

Servant—No, sir, but I expect he will be in shortly.

Workman (pausing on doorstep)—Does he give gas?

"Yes."

"What does he charge?"

"One dollar."

"What—one dollar! Do you mean to say, miss, a fellow's got to swallow over 1,000 feet of gas to have one tooth pulled out? No fear. I reckon I knows a bit about it, for I work down at the gas works myself. I'll go to another dentist and have it pulled out without gas."—Exchange.

Not Interested.

"I have called," said the book agent, "to see if I can interest you in a little work"—

"Young man," snapped the woman who answered the door, "just now I am interested in washing my dishes, dusting, cleaning up after the paperhanger, making six beds, polishing the hardwood floors, ironing my husband's shirts, getting two more meals today, darning nine pairs of stockings and stringing my sweet peas, and I might say that that's more work than you men ever thought of doing. No; you can't interest me in any more."—Detroit Free Press.

Not Built That Way.

For the first time the old lady was about to make a railway journey, and when she arrived at the station she did not know what to do.

"Young man," she said to a porter, who looked about as old as Methuselah, "can you tell me where I can get my ticket?"

"Why, mum," he replied, "you get it at the boking office through the pigeonhole."

Being very stout, she looked at the hole in amazement, and then she burst out in a rage:

"Go away with you, you old idiot! How can I get through there? I ain't no blessed pigeon!"—London Answers.

Getting an Early Start.

"Father, what do you wish me to be when I grow up?"

"The same as I am, my son—a lawyer."

"Then instead of wasting any more time on arithmetic, geography and such truck I'd better be getting at the hypothetical question, hadn't I?"—Judge.

Defying Death.

There is no use of reading any more rules about how to live a long time. An old lady 100 years old has eaten New England doughnuts all her life.—Birmingham Age-Herald.

ALLENPORT GIRL KILLED ON WAY HOME FROM PICNIC

COMPANION WAS BADLY INJURED ABOUT THE BODY

Young People With Another Couple Preferred to Walk Home, But Failed to Note the Track Used by the Train

GIRL'S NECK IS BROKEN

The little town of Allenport is gloom laden today over the tragedical death at Vesta station of one of the best known young women of the town last night. This was Alice Katherine Bruce, 21 years old, the daughter of Mr. and Mrs. Henry Bruce, she being killed by the passenger train due in Charleroi at 8:19 o'clock, north bound.

Miss Bruce with Robert M. Linn, of North Charleroi, and another couple Walter Ridgeway and Miss Anna Carson of Allenport were returning home from the picnic of the Allenport M. E. Sunday school at Cowell's orchard, near Dunlevy, having decided to walk home rather than wait on a car. They were on the south bound track supposing as usual the train would come down on the north bound track.

Ridgeway and Miss Carson were ahead and both couples were engrossed in conversation, discussing the day's sport. The train it was later learned on account of a wreck at Speers, of which the young people had not heard had switched to the south bound track so it could pass. Upon its approach Ridgeway and Miss Carson noticed it was on the south bound track and stepped aside, not looking back to see if the other couple were doing the same. Apparently they did not notice its approach until it was too late.

Young Linn was walking along the edge of the track, while Miss Bruce was in the center. The engine struck the girl fairly and threw her a considerable distance. Linn was struck a glancing blow and thrown aside, considerably injured about the body.

The train was stopped, and Coroner J. J. Heffran, who happened to be on it, took charge of the girl's body. Apparently she had died instantly from a broken neck. She was brought on to Charleroi and taken to the Undertaking rooms of Reeves and Reeves, where the body was prepared for burial.

The girl is survived by her parents, eight brothers and sisters. She was immensely popular. The Bruce family has resided at Allenport for 15 years. Robert Linn is the son, of A. T. Linn, the florist of North Charleroi. Miss Carson and Walter Ridgeway both being to well known families. Linn is this morning able to be about but is suffering considerably from his bruises.

The funeral announcements of the Bruce girl will be made later, the body having been taken home today. Coroner Heffran will hold an inquest later the jury to be selected from Allenport business men.

Donata Giodanenger, aged 2 years, son of Stephen Giodanenger died at 4 o'clock this morning. The funeral arrangements have not been made.

NOW IF YOU GET BUMPED BY AN AUTO YOU HAVE SOME CHANCE OF REVENGE ON DRIVER

Any person who gets bumped by an auto, or escapes being run down by the skin of his teeth, can identify the driver speeds away when he should give an account of himself. This is provided the injured or scared one had the forethought to observe the license number of the machine which must be conspicuously displayed. By taking the license number to Burgess Risbeck's office the owner of the machine can be identified.

Recently Burgess Risbeck received a complete list of all the automobile licenses taken out at Harrisburg. The list was complete from January 1 to July 1, and supplements are issued at intervals as more licenses are granted. The list contains over 25000, licenses, some of whom are issued to auto owners outside of the State.

WOULDN'T BELIEVE HIM WHEN HE SAID HE HAD ENOUGH

Joe Ward, the Charleroi dog catcher and Frank Roy, were each last night fined $2.85 for fighting by Burgess Risbeck and thereby hangs a tale.

According to witnesses the two the other evening worked themselves up into a quarrel both being slightly intoxicated and went out of the borough limits to fight it out. Naturally some of the friends of each went along. They selected a spot, and the two went at it. The first thing Roy did, it is stated, was to knock Ward down. Ward got up, went at the other, and was knocked down again. Roy sat down on him this time, and asked him if he had enough. Ward weakly replied "yes." Roy got up and was again pushed by Ward. He knocked his opponent down the third time, making a settee of him. He pummelled away, Ward's anatomy assuming a sorry appearance. Ward kept screaming, "enough," it is stated, and the witnesses finally felt a desire to interfere. Stopping Roy from his labors for a moment they asked him, so it is said, why he didn't let up. He wiped the streaming perspiration from his face, took enough time to answer, "He's such a gosh hanged liar, I can't noways believe him," then went to work again. He was finally pulled off. The arrests were made later.

CONTRACTOR READY TO BEGIN PAVING

It is expected that work will be started in a few days by Contractor Hallam on the grading work on Lincoln avenue, North Charleroi. He has shipped his material there and will doubtless begin not later than the middle of next week. He will finsh the paving as soon as possible after the grading is done.

George W. Lumsden has returned from a trip to the West. While there he visited Seattle, Wash., Portland, Ore., Los Angele,s and San Diego, Cal., as well as other cities of importance. It is likely that the Lumsden family will move to the far east in the near future.

REACHES FOR PIECE OF JUNK AND IS KILLED

Fayette City Lad Run Over by Cars Near His Home

PLAYING WITH COMPANION

of Mr. and Mrs. Steve Cinic of Fayette City was killed by being run over by a train at Fayette City last evening. The body was taken to the Undertaking rooms of Correll and Crowley, Deputy Coroner Correll assuming charge. An inquest will likely be held later.

The boy was playing around a number of cars on a siding at Fayette City with several other lads. They had been in the habit of gathering junk and selling it to a Fayette City junk dealer, and when the Cinic lad saw a nice looking piece under one of the cars he was unable to resist the temptation to get it. Accordingly he clambered down from the top of the car where he had been and crawled in under. Just at this time an engine backed into the string of cars and the boy was unable to get out. He was caught and the wheels passed over his body, horribly mangling him. The parents were notified of the accident. They are foreigners and live at No. 7 Marine row, near Fayette City.

FIRE IN BAD PLACE QUICKLY EXTINGUISHED

A fire at the office of Dr. G. G. Crow, on McKean avenue had it not been extinguished at the time it was might have resulted in almost an entire block being devastated at 9:45 o'clock this morning. The smoke was fortunately discovered coming from the windows soon after it had started and by quick work the spread of flames was prevented. As it was there was scarcely any damage.

It is supposed that the fire originated from a match in the hands of the four year old son of Dr. and Mrs. F. L. Crow who live above the office. He had gone down stairs, but suddenly returned not saying anything however to his mother. Dr. G. G. Crow who has the office was working in an adjoining room from where the boy had been and noticed a crackling but did not associate it with any fire. The smoke was discovered by a man near the P. R. R. depot and the alarm turned in.

Before the fire department could arrive upon be scene, Earl Taylor, a clerk employed in J. W. McKean's Jewelry store on the first floor securing a Babcock Extinguisher went to the room, and had the flames out in a few moments. It was then learned that they had originated in a waste basket. A table was slightly damaged, and a few of the instruments of Dr. Crow were damaged but this was the extent.

The building being a frame one, and in the most populous part of the business section of the town, considerable danger was attached to the apparently insignificent fire.

Editor Niver on Vacation.

This morning Editor E. C. Niver of the Mail and Mrs. Niver left for a two weeks stay in Jefferson county in the vicinity of Mr. Niver's old home, near Brockwayville. Their son, George, is there now. It has been nearly ten yeas since Mr. Niver has had a "decent vacation," the last time he had a week off being in 1901, while exchange editor of the Pttsburg *Dipsatch*. When he came to the Mail he vowed by all that he held dear to have a vacation before ten long years would roll around a gain—hence this trip. While absent Mr. Niver expects to do some hunting, and doubtless will have some wonderful tales to tell upon his return.

DESMONIA HELD CHARGED WITH THE MURDER OF TWO

REUNIONS AT ELDORA PARK IN SEPTEMBER

The annual reunion of the Scott-Carson families will be held at Eldora Park on Saturday, September 11. A large number it is thought will be in attendance.

The Sphar family will hold their reunion at Eldora Park on Saturday, September 4. These families are among the oldest in the section and there are a large number of descendents from each.

TANK STARTS AFTER FOUR WEEKS CLOSE

After being closed down for four weeks for repairs one of the tanks of the Macbeth Evans plant will be put into operation next Wednesday. Three hundred men will be put to work. The plant was not in its entirety closed down at any time during summer, and this tank was out of operation longer than any other department. The Macbeth Evans plant employes more men, perhaps than any other Charleroi plant, and has as large or a larger pay roll.

The Imperial Bottle plant which has been closed down for about six weeks is making preparations to start near the first of next month. The Imperial plant employes about 300 men steadily during the year, except for the union shutdown of nine weeks during the summer. The factory when it was brought here was by agreements between Charleroi citizens and the management to have a pay roll of at least $160,000 during the entir year. It is said to have surpassed this by far already, despite the fact of the summer shutdown.

In Honor of Little Girl.

Mrs. J. H. Palmer, of Charleroi, and Miss Elizabeth Shock of Pittsburg entertained a number of little friends, in honor of the former's daughter, Virginia at Pittsburg Tuesday. The affair was in honor of the little girl's sixth birthday. It was held at the home of Mrs. Palmer's mother, with whom Mrs. Palmer and daughter are visiting. Games and amusements were indulged in during the afternoon and refreshments were served. Miss Virignia was the recipient of a number of dainty presents, the gifts from her little friends.

Farewell Sermon Sunday.

On next Sabbath Rev. J. A. Cherney will preach his farewell sermon of the Baptist church of Monesse. Rev. Cherney and wife expect to leave soon for China to take up missionary work.

Alleged Murderer was Taken to County Jail Today

WEAPON DISCOVERED

Constable Ansil Locates Gun With Which the Shooting Was Done.

According to the finding of the coroner's jury yesterday afternoon at a hearing at California Pasquella Desmoniam must answer to the charge of double murder as the result of a drunken fight at Red Camp on the hill back of Daisytown Tuesday night in which Charles Conda was shot to death and Sylvester Bolla wounded so badly that he died Wednesday at the Monongahela hospital.

Desmonia who was desperately wounded, is still in bad shape, but it is believed he will now recover. When arrested by Constable Ansil, Desmonia's death was also expected, so badly had he been slashed in the fihgt preceeding the shooting. Six men who were present at the time of the murder were held as witnesses and with Desmonia were taken to jail at Washington today.

One of the witnesses states that Desmonia at one time declared he has not intended to kill Conda but has shot at Sandy Conda, a brother of the dead man, who had cut him.

After a thorough search Constable Ansil found the gun with which the shooting was done at the house Alesia Patha.

Desmonia himself denied the shooting. He states that when he came back to the drinking room the Patha confronted him with a shot gun and two revolvers and that they, not he, did the shooting.

Speers Picnic a Success.

The Speers M. E. Sunday school picnic held yesterday in Cowell's orchard at Dunlevy was in every way a great success. In the first place the ground is an ideal picnic ground no nicer place is to be found anywhere.

The picnicers had access to two beautiful orchards with a level field of three acres between them for sports and games which were indulged in by all. The hospitality of Mr. Cowell and family was never surpassed by any family. The school was met at the termination of the car ride by Mr. Cowell who hauled the baskets to the grove where everything was thrown open to them for the day. A number of swings, seats, chair rockers and everything that could be asked for were ready in waiting for the Sunday school. Mr. Cowell himself engaged in all the sports, while not in any way connected with the Speers Sunday school and helped the merry makers to enjoy the day. The crowd left at 7 o'clock feeling that they had never spent a more pleasant time and feeling overjoyed by the courtesy shown them.

Landscape Carving.

Washington is going to get rid of many obnoxious weeds crowding for a life in the borough limits. "Rabbit" Williams, a well known police character has been donated to do the landscape carving.

Mrs. Dawson's Millinery store will be at her old stand at 602 Fallowfield on Augus 16. The quarters are all remodeled and in better shape than before the fire. 3102

The Controllership.

The contest for County Controller has assumed such an aspect that it seems a wise move on the part of those who are deeply interested in the welfare of the Republican party, that a compromise candidate should be selected.

There is no question in the mind of good Republican that either John Moffitt or John C. Morgan, the candidates who have been so active in the canvass for the appointment, would make an excellent official. They are both capable men, and their friends have been justified in pushing their interests. This much we all concede. Their loyalty to the party has never been called in question, and they are deserving of any honor that may be bestowed upon them.

Yet the conditions surrounding this contest are so peculiar and so different from an ordinary political fight, that it seems only just and fair to the two candidates and to the best interests of the Republican party in Washington county, that an independent candidate, one who has not been mixed in any political fight or associated with any faction, be selected.

WHEN THERE IS AN HONEST DIFFERENCE OF OPINION AMONG THOSE WHO REPRESENT THE MAJORITY PARTY AND WITH WHOM THE RESPONSIBILITY RESTS, THE ONLY WAY TO RECONCILE SUCH DIFFERENCE IS BY COMPROMISE.

Such a man must be one of known executive and business ability. He should be able and fearless, for the position which he assumes is one created to protect the interests of the whole people and his mind must be free from predjudice and his central thought and every act, should be in the interests of the taxpayers.

The Republican party has many such men, and in securing him it will be carrying out the wishes of the people and perhaps prevent factional strife, which may injure the party if allowed to continue.

Electric Sparks

Uniontown is having a cat show. Or (excuse us), we mean they are having the annual convention of the Society Kitten Association.

A real labor shortage is said to exist in the Connellsville vicinity. Now let those fellows with pessimistic inclinations start crowing about the poor conditions, and we will perforce dump them into the lake.

The Socialists expect to elect a President next time. Anyhow they are working like beavers now, if that means anything. But——

This is about the time that we begint to hear reports of baseball players of the minor leagues being sold to the major league clubs. Next spring we will hear reports of the weeding out of the players, and will see our old friends returning to our own gardens, wiser, but sadder.

The pop men are now in session at Uniontown. Bet that is a sure 'nough gassy bunch.

To put the average "regular" at the police station to work is to enforce one of the worst possible penalties. Which fact accounts for the absence from the place of labor of the said "regulars."

A man that has not enjoyed a vacation for about ten years is likely to feel quite kittish when he does get out for a day or so.

Bad water in the Monongahela is conveniently blamed on the Cheat river, but bad water through the Charleroi water mains is easier [illegible] pany, with a fairer degree of getting it right.

Now if a fellow gets run over by an automobile, and happens to see the license number, he can have revenge. He can have the driver arrested.

Harry K. Thaw kills White; barely escapes electrocution by proving he is insane, when as a matter of course scarcely anyone believes it, then tries after a short period to prove he is sane as any body. Consistency? We rather believe that after a man proves he is crazy, he should be made to stick to his opinion.

Do you know what Woodbury's Combination Hair and Scalp Treatment really is? Do you know why it saves the hair when all other preparations fail?

Woodbury's combination Hair and Scalp Treatment is the result of actual experience—not mere theory. The experience of the Woodbury specialists has PROVED that the right combination must have—a germicide and curative—a cleanser and stimulant—a prophylactic and beautifier.

The famous Woodbury combination supplies all three.

WOODBURY'S
Combination
SCALP CREAM
The Germicide and Curative
It destroys germ life. It restores perfect health to the hair glands and purifies the hair follicle. It cures scaly tetter, eczema, salt rheum and all those deseases which cause dry or greasy dandruff and itching of the scalp.

WOODBURY'S
Combination
SCALP CLEANER
The Cleanser and Stimulant
It dissolves and removes greasy dandruff and all traces of other diseases from the scalp. It invigorates the scalp and keeps the hair clean and healthy. It revives the circulation throughout the scalp and makes it tingle with new life.

WOODBURY'S
Combination
HAIR TONIC
The Prophylactic and Beautifier
It protects the hair against germ infection. It feeds the hair roots. It restores the lustre to the hair from roots to ends and preserves its natural color. It prevents dandruff and makes the hair fluffy and beautiful.

What Mrs. John F. Howson, 403 Quincy St., Brooklyn, N. Y. says about The Woodbury Treatment for the Hair and Scalp.

If you don't see this trade-mark on the label, it's an imitation.

I have used about all the remedies for failing hair that one might have recommended to them during their natural life. I spent a lot of money for hair invigorators and restoratives, and got absolutely no favorable results until I started the treatment you so kindly recommended to me. My hair stopped falling out just as soon as I used the Woodbury's Scalp Cream in conjunction with the Scalp Cleaner. Its action was just like magic. The thick greasy dandruff is all gone. My hair is growing nicely and taking on a new growth. Your Hair Tonic I use night and morning, and it is the nicest hair dressing I have ever used. Thanking you for the letters of advice, I remain,

Sincerely yours,
Mrs. JOHN F. HOWSON

THE BEST REGULATOR.

We promise to return every cent paid us for Rexall Orderlies if they fail to satisfactorily relieve constipation. They are eaten like candy, are particularly good for delicate persons and children, do not gripe or cause nausea, and may be taken at any time of day or night without any inconvenience whatever. We want you to try Rexall Orderlies at our risk because we are positive they will do as we claim. Two sizes, 10c and 25c.

The Volume of Our Business

has multiplied five and half times in 6 years. Our receipts for July 1903 were $990.37. Our receipts last month were $5,265.00 or five and half times larger. During the same period our membership has increased from 26 to 468 members. Our capital has grown from a few hundred dollars to over $700.000. We have saved thousands of dollars to the citizens of Charleroi on the price of their goods. Our association has stood as a barrier between the people and high prices. We paid in dividend to our members during the last 5 years $11,484.85. Can any private business show such result. Co-operation alone has in its power to accomplish such wonder. If you are not a co-operator become one and save for yourself the profits you are now creating for others.

The Co-Operative Store

Up to Snuff.

A man in workman's garb one day called at a local dentist's, and the door was opened by a maid.

Workman—Is the gent in that draws teeth?

Servant—No, sir, but I expect he will be in shortly.

Workman (pausing on doorstep)—Does he give gas?

"Yes."

"What does he charge?"

"One dollar."

"What—one dollar! Do you mean to say, miss, a fellow's got to swallow over 1,000 feet of gas to have one tooth pulled out? No fear. I reckon I knows a bit about it, for I work down at the gas works myself. I'll go to another dentist and have it pulled out without gas."—Exchange.

Not Interested.

"I have called," said the book agent, "to see if I can interest you in a little work"—

"Young man," snapped the woman who answered the door, "just now I am interested in washing my dishes, dusting, cleaning up after the parlor banger, making six beds, polishing the hardwood floors, ironing my husband's shirts, getting two more meals today, darning nine pairs of stockings and stringing my sweet peas, and I might say that that's more work than you men ever thought of doing. No; you can't interest me in any more."—Detroit Free Press.

Not Built That Way.

For the first time the old lady was about to make a railway journey, and when she arrived at the station she did not know what to do.

"Young man," she said to a porter, who looked about as old as Methuselah, "can you tell me where I can get my ticket?"

"Why, mum," he replied, "you get it at the boking office through the pigeonhole."

Being very stout, she looked at the hole in amazement, and then she burst out in a rage:

"Go away with you, you old idiot! How can I get through there? I ain't no blessed pigeon!"—London Answers.

Getting an Early Start.

"Father, what do you wish me to be when I grow up?"

"The same as I am, my son—a lawyer."

"Then instead of wasting any more time on arithmetic, geography and such truck I'd better be getting at the [illegible] Judge.

Defying Death.

There is no use of reading any more rules about how to live a long time. An old lady 100 years old has eaten New England doughnuts all her life.—Birmingham Age-Herald.
